PROFESSIONAL SUMMARY

Results-driven Website Developer and Graphic Designer with 2+ years of hands-on experience delivering digital solutions for real clients through FixHub Technology. I build clean, responsive websites and create compelling visual content that helps businesses attract customers and grow online. Self-managed, deadline-driven, and fully equipped for remote collaboration across time zones. Comfortable working independently with minimal supervision and communicating clearly via async tools.

REMOTE WORK PROFILE

Availability	Full-time, flexible across EST / GMT / WAT time zones
Communication	Async-first via Email, Slack, WhatsApp, and Notion
Collaboration Tools	Figma, GitHub, Google Workspace, Trello, Zoom
Internet	Reliable high-speed connection with backup available
Work Style	Self-directed, proactive updates, meets every deadline

EXPERIENCE

Founder & Lead Developer

2023 - Present

FixHub Technology | Remote Business, Nigeria

- Founded and independently operate a digital services agency delivering website development and graphic design to clients.
- Designed and developed 5+ client websites from scratch including service pages, landing pages, and appointment booking systems.
- Created brand identities, logos, and social media graphic packages that helped clients establish a professional online presence.
- Managed full project lifecycle: client briefs, design mockups, development, revisions, and final delivery.
- Maintained 100% client communication remotely via WhatsApp, email, and video calls with zero missed deadlines.

Freelance Web Designer

2022 - 2023

Independent | Remote

- Built responsive landing pages and websites for small businesses across multiple industries.
- Delivered graphic design assets including banners, flyers, and brand visuals for clients.
- Developed strong self-management habits working entirely remotely without supervision.
